Interim Executives Academy Eight Learning Sessions

AN INTRODUCTION TO INTERIM LEADERSHIP: Understanding the Strategic Nature of Transitional Leadership

The first session explores the attributes of the practice of professional interim management including the history of transitional leadership, the nine faces of interim management today, the contrast of interim leadership versus consulting, the six phases of interim leadership, the eleven protocols of interim management, and the attributes an interim leader offers as a capacity-building intervention for nonprofit organizations, associations and congregations.

THE ENGAGEMENT PHASE: Negotiating the Interim Engagement and Relationship

Some of the interim's most important decisions take place prior to accepting the position. The second session of the Academy explores the job description of an interim leader, the critical interviewing and hiring processes, assessing the position, creating a Scope of Work, key elements of the employment letter, and the first day.

THE DIAGNOSTIC PHASE: Assessing the Organizational Landscape

One of the key elements of a strategic interim engagement is conducting the organizational diagnostics. In this session, participants will discuss completion of an agency inventory, critical elements of an organizational assessment, leading an assessment process using a transitional team approach, and the key indicators of financial health of a nonprofit organization.

THE PLANNING PHASE: Charting a Course of Action for Incremental Strategic Transitional Leadership

Interim leaders continuously demonstrate a mastery of short-term incremental planning. The fourth session introduces a planning model for interims to plan their work in 90-day intervals, plus the use of a dashboard tracking system, and creation of a Picture of Success.

THE INTERVENTION PHASE: The Six Critical Impact Areas of Interim Executive Leadership

During an interim executive engagement, a transitional leader has a rare opportunity to question organizational culture and help a nonprofit organization to go through a unique process of evolution. The Interventions Phase encourages participants to look at how to plan and facilitate key interventions aimed at program excellence, fundraising, financial efficiency, employee culture, board relations, and diversity intentionality.

THE INTERVENTION PHASE: The Interim Executive as Innovative Disruptor to Advance Racial Equity

Building on the previous discussion, participants will take a deeper dive into how to plan and facilitate key interventions aimed at taking steps to eliminate institutional racism as interim leaders.

THE SUCCESSION PHASE: Creating a Continuity of Leadership and Executive Search

The seventh session of the Academy outlines an executive search process and the roles of the interim in supporting search as well as developing a culture of leadership continuity in the organization including board succession planning, senior executive succession planning, and adopting succession policy.

THE PIVOT PHASE: Staging the Successful Departure and Successor Onboarding

The ending of an interim executive engagement must be carefully coordinated so that a legacy of leadership is in place that helps the successor to succeed. In this session, participants will discuss strategies for concluding an engagement, ways to support the successor and the organization with an onboarding process, and what to include in an effective evaluation process that gives the interim meaningful feedback as a result of the engagement.
